LUXSHADE MOTION

MOTION is a ground-breaking shade automation solution that makes motorized shades available *to everyone*.

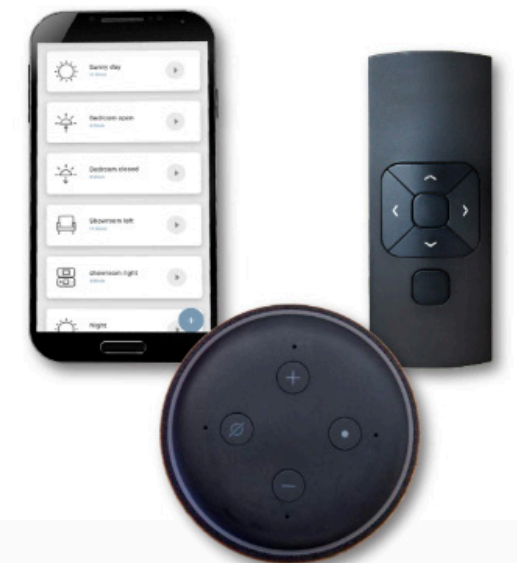

MOTION makes it possible to operate window coverings from anywhere, in any way.

Our unique pull control allows to operate shades with a single pull while experiencing the familiar feeling of manual operation. Easy, simple control for anyone.

Press the button on a controller, swipe through the **MOTION** app or operate the shades with your voice.

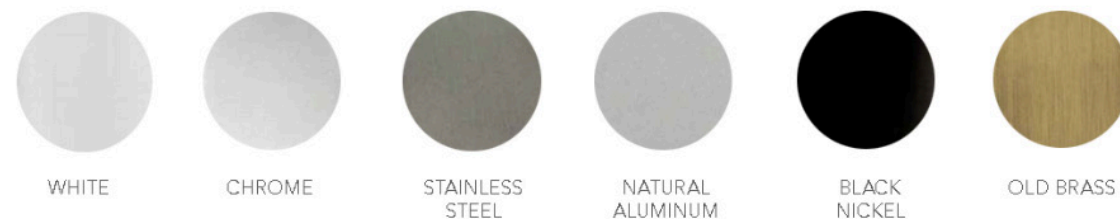

LUXSHADE MOTION

featuring PULL CONTROL

MOTION Tassel Pull Colors

ENJOY WIRELESS SIMPLICITY

LUXSHADE Motion Pull Control allows you to operate shades with a single pull while experiencing the familiar, intuitive feeling of manual operation.

A short pull on the chain automatically puts your shade in motion.

It's that easy.

It's the perfect solution for guests, drops in Wi-Fi or if your controller gets misplaced. Simply operate your motorized shade with the pull function.

Of course, Motion can also be controlled by handheld or wall mounted controls, app control on your smart device or voice control.

Installing, programming and operating has never been easier. The motor is rechargeable with a regular USB cable.

SED 25mm, 28mm & 50mm Drives

INTRODUCING LUXOUT SHADES

SED

SILENT ELECTRONIC DRIVE

Our Newest Ultra-Quiet Motor System
Featuring Synchronized Hembar Alignment

LuXout Shades SED effectively combines silent operation

Our new SED Motorization System is designed for speed control that allows for flawless synchronized hem bar alignment.

With SED, multiple shades move together in perfect harmony in either single spaces or an entire building.

SED is available in wireless rechargeable, low voltage plug-in, or hardwired - all designed to perform consistent motor rotation speed at any load condition. This keeps hem bars in alignment no matter the variation in widths of the various shades in a given room.

Add value to your interiors with the aesthetic appeal and smooth functionality of SED Motorization.

We are a leading **to-the-trade-only** supplier of innovative and high-quality window shades. Partnering with designer networks, we design and manufacture custom shades and window applications with your clients in mind.

WHY LUXOUT?

We make design dreams come alive. Offering more than 800 carefully curated fabric choices, we make it easy for designers to create the style your clients deserve and the functionality they need. Everything you order from us is tailored to your exact specifications. No order is too small or too large. Our extraordinary staff delivers high-end customer service. And because our products cannot be found in big-box retailers, you'll never get shopped.

Your peace-of-mind is our goal, and we stand behind each and every order. All our shades are backed by the LuxOut inspection process. Every single order is tested from top to bottom before it ships and comes with a limited five-year warranty. Our technical team is always there to help you with all inquiries regarding your order, production, or installation.

Proudly made in the USA since 1982.
Locally owned and operated in Richmond, VA.
