

LUXOUT SHADES

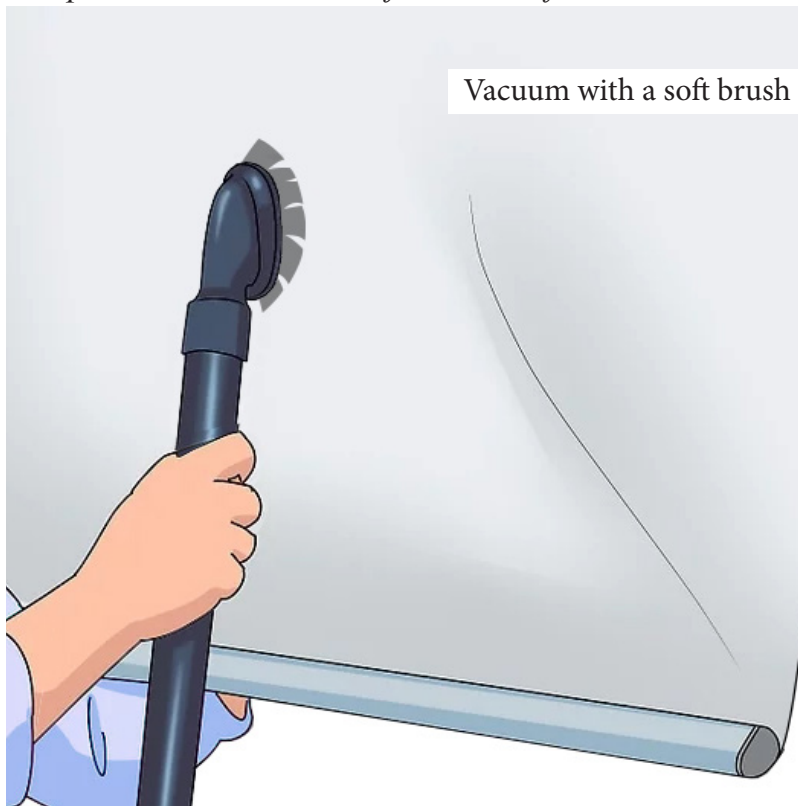

SIMPLY BEAUTIFUL

CLEANING & CARE

LuXout Shades, when properly installed, should require no operational maintenance or lubrication.

LuXout Shades solar shade materials may be cleaned at the window by vacuuming with a soft brush attachment. They may also be cleaned by using a sponge or soft cloth with a mild solution of warm soapy water. A gentle dish washing liquid, such as Ivory liquid soap is recommended. A clean dry cloth is recommended for the metal finishes. Each fabrics details can be found by referencing the [LuXout Shades Fabric website section](#) where the fabric icons are displayed for quick reference.

Exceptions should be made for natural fibers, which must be cleaned with a dry sponge.

Hold fabric steady, with care not to pull

Clean Damp Cloth

Anti Bacterial

Dry Brush Clean

Fire Resistant

GreenGuard Certified

Moisture Resistant

Lead Free

Pollergen Treated

PVC Free

Vacuum Clean

Look for the [LuXout Shades Fabric Icons](#) for more details.

CAUTION: Be sure to hold the fabric steady with one hand during cleaning. Be careful not to jerk or place too much weight on the fabric. Depending on the installation hardware and substrate, placing too much weight on the fabric could result in mounting hardware being pulled loose.

If you encounter and difficulty installing or servicing your LuXout Shade Product, please call your Dealer or LuXout Shades direct.
