- 1. Select "Skills & Games" in the main menu of Amazon Alexa.
- 2. Search for the MOTION Blinds application and click on it.
- 3. Click on "Enable to use".
- 4. To install the MOTION Blinds skill, you have to sign in with your MOTION Blinds account. Enter the e-mail address and password that you are using for the MOTION Blinds app.

- 5. A message appears if the connection between Alexa and MOTION Blinds has been set up successfully.
- 6. Click on "Discover Devices" and Alexa will start searching for shades that are added to the MOTION Blinds app.
- 7. Alexa shows all shades connected to the MOTION Blinds app in the Devices section of the Alexa app.
- 8. Alexa shows all preset scenes from your MOTION Blinds app in the Scenes section of the Alexa app.
